

Safety Procedures 8/20/2021

- **If you have not been vaccinated masks are mandatory to keep our students safe.**
- **Dancers 5 and up:** Masks are mandatory in the lobby area and should be worn in class when possible. When 6 feet apart masks can be removed for exercise.
- **Dancers 4 and under:** Families should decide whether their child will wear a mask. Dancers will continue to remain socially distanced as much as possible.
- If a student feels too physically exerted, they should take their masks off.
- Parents of students please only have 1 parent bring your child and leave siblings at home when possible. Siblings are welcome otherwise (please social distance).
- If there are too many parents in the lobby please wait in your car if your dancer is 5 and up, leaving room in the lobby for parents of our 4 and under students.
- Arrive at Lyrique dressed and ready to dance. Street shoes should not be worn in the dance rooms.
- If you arrive prior to dance time wait in your car to reduce crowds in the lobby.
- Classes will dismiss 5 minutes early to allow the staff to sanitize the studio.

Thank you for

Keeping our studio safe

SAFETY CHECK

- Stay at home if anyone shows signs of fever, cough, or shortness of breath.
- Virtual classes are available if you cannot attend in person
- Inform Lyrique Dance if anyone in your household has a positive case.
- If we have a positive case in a certain class we may move that class to a virtual format, or we may cancel the class for a period of time.
- Maintain a safe distance from others at all times. Use hand sanitizer before and after class. Masks should be worn into the building by everyone 5 and up unless you are fully vaccinated.

STAY AT HOME

- Anyone uncomfortable sending their child to dance at this time. We are able to offer zoom or online classes instead.
- Anyone with a dancer who feels ill.
- Anyone who has been exposed to someone who tested positive to COVID-19.
